## **B.** Reports - Committees/Projects/Updates

## 1. STO Update

Linda is working on setting up a meeting with other bicycle groups for the Highway 305 project. The WSDOT has been contacted via email, waiting for reply. Representative Christine Rolfes may be a good person to contact. Recently, WSDOT has set-up a meeting for Thursday, July 18.

### 2. Peninsula Water Trails – No update.

## 3. Kitsap County Non-motorized Committee

Kitsap County will be reviewing 25-30 TIP projects specifically with non-motorized facilities to determine if any re-prioritization should take place. Generally speaking, currently approved projects are taking longer and requiring more resources than anticipated, therefore, it is likely, less funding will be available for additional TIP projects. The non-motorized committee is currently working on criteria for prioritizing pedestrian facilities.

#### 4. Communications

A short discussion about the status of next newsletter took place. We are continuing to look at how we can organize volunteers and communicate with the NKTA community more effectively.

#### 5. President's Report

NKTA is considering a donation for safety equipment for those people who regularly volunteer to maintain the trails throughout the Port Gamble property.
